

Newsletter No 6: May 2025

Welcome to our charity newsletter which aims to give those who support Fulfilling Futures more information about the work that is being carried out as well as community news. Florence Lakemba, our sponsorship co-ordinator, is responsible for creating these newsletters which we aim to send out on a quarterly basis.

Thank you so much for your ongoing support and donations.

This April, Lauren and Taryn, teachers from Brunswick Primary School in Hove, visited Uganda. They had ample time with children at both our schools.

With the support of the Brunswick community and Fulfilling Futures they were able to buy beds for children who had nowhere to sleep and also donated balls and cones to support sporting activities at

Archbishop Kiwanuka School. At St John Leonard, they brought with them reading books for the children. Lauren and Taryn enjoyed participating in different activities such as teaching learners, training teachers in phonics and being part of sports day!

In addition, at St. John Leonard primary school. Florence facilitated for the children to meet in age and gender groups to share and address challenges that they experience.

Thanks to Fulfilling Futures, teachers are looking forward to the near completion of the on-site houses at St. John Leonard primary school. When finished they will be for teachers at the

school to help improve on service delivery.

House competitions at Archbishop Kiwanuka primary school.

The school has four houses named: Adrian, Joseph, Kizito and Mary. Recently the children participated in different competitive activities

including a sack race, bottle balancing, bottle filling, bed laying, and cooking matoke, among others. Kizito emerged as the overall winner!

Accelerate action.

Brass for Africa launched the Race for Equality campaign with an aim of raising £1000 throughout

March in order to empower girls and women. The executive director for Brass for Africa rode 1000km to visit all partner schools including St. John Leonard Primary school.

Solar panels at Archbishop Kiwanuka primary school.

Another project supported by Fulfilling has started - the installation of

solar panels is going to really help

the school to have full time electricity which will be fantastic!

End of term one exams at both schools.

This month children are doing examinations at both schools. This is preparing them for their end of term one holiday 2025. We wish them all the best!
