Newsletter No 9: September 2026

Welcome to our charity newsletter which aims to give those who support Fulfilling Futures more information about the work that is being carried out as well as community news. Florence Lakemba, our sponsorship co-ordinator, is responsible for creating these newsletters which we aim to send out on a trimestral basis.

Thank you so much for your ongoing support and donations.

The trustees of Fulfilling Futures are always open to how we can further improve the work we do - do get in touch if you have any ideas or would like to get involved.

Urban farming at Archbishop Kiwanuka primary school

Children have been able to learn skills of farming on a small scale. They were able to grow tomatoes, cabbage, bananas among others. They were taught how to do agriculture on a small piece of land.

Shoe-making at Archbishops Kiwanuka primary school.

Children have also been equipped with a skill of shoemaking at the school. This will enable them to become empowered citizens in future.

Recent funds have supported Archbishop Kiwanuka school to purchase new beds and mattresses for children who board at the school and also to equip the bathrooms for the girls to use.

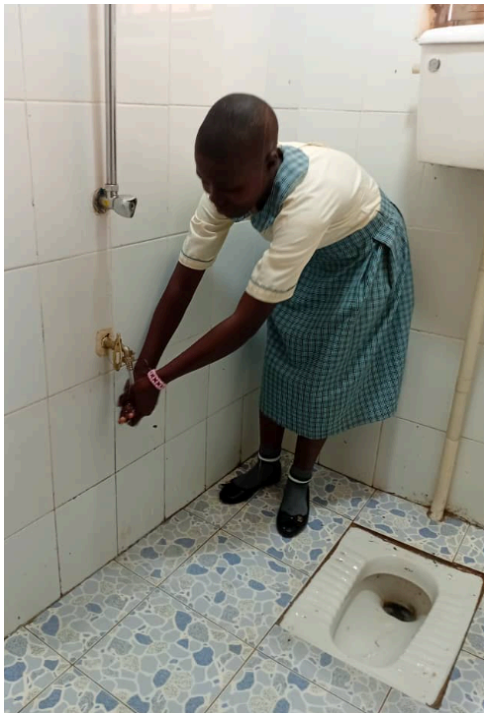

An evaluation report from the school commented that: *The refugee girls cried when they got new beds, I wish you Fulfilling Futures knew the impact just a simple bed has made in these children's lives.*

All the girls are happy they can now use the bathrooms in their dormitory. We are now encouraging them on maintaining the washrooms clean and tidy. The sewing part of this project was the highlight of the project and many girls will benefit a lot from the

sanitary towels they produce themselves.

Mosquito nets at St. John Leonard primary school

Children in the boarding section of the school used to face the challenge of suffering from malaria. Mosquitoes could bite them while sleeping at night. Fulfilling futures have done an amazing job of providing them with mosquito nets.

Painting of teachers' houses at St. John Leonard primary school.

In addition, teacher's houses have been re-painted. This has given teachers a decent and comfortable stay at work thus improving their

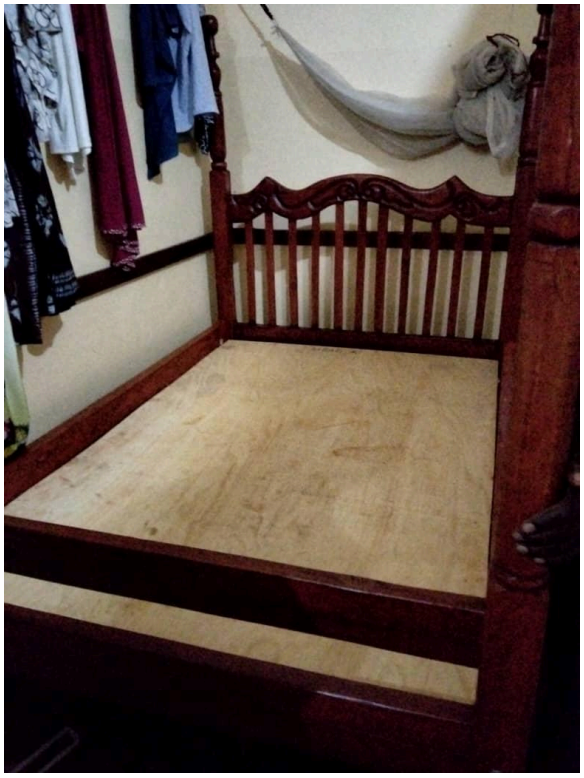

standards of living. They are so grateful to you.

Teacher's beds, tables and chairs at St. John Leonard primary school

Teachers were surprised by Fulfilling Futures when beds, tables and chairs were given to them in their new houses. All teachers were provided with new sets of furniture in their respective rooms.

If you are able to give regularly to Fulfilling Futures payments, can be made on our website at: https://fulfillingfutures.org.uk/donate

Thank you for your ongoing support - it is very much appreciated - if you have any questions or comments about our work please contact us at: https://fulfillingfutures.org.uk/contact-us
